Grant Guidelines

Health & Wellness Initiatives serving the Lakeshore Community

WHO MAY APPLY

Requests for support are generally considered from applicants who have been designated as nonprofit, tax-exempt public charities as defined in Sections 501(c)(3) and 170(b) of the Internal Revenue Code. The Foundation generally does not consider requests from private foundations, private operating foundations, or political organizations.

THE APPLICATION PROCESS

Applicants must complete and submit both **Part 1: Project Narrative** and **Part 2: Supporting Documentation** by the application deadline to be eligible for consideration. If an applicant has questions regarding the application process, the applicant is requested to contact the Foundation's office. **The deadline for applications is March 31.**

Any discussions or indication of interest by the Foundation after submission of an application or on-site investigation will not be construed as a commitment by the Foundation in any way. Each application will be considered on its own merit and accepted or rejected only in writing. All applications are given thorough individual study by the Grant & Scholarship Committee and the Board of Directors. If held for further consideration, the program or project is usually investigated by the Executive Director or one or more Directors. A final decision is reached by discussion and a majority vote of the Board.

DECISION MAKING POLICY AND TIME FRAME

The Osteopathic Foundation Grant & Scholarship Committee reviews grant applications on an annual basis and makes recommendations to the Board of Directors, who is the decision-making body for issuing grants. Interested applicants must submit their completed applications to the Foundation by the stated deadline. Typically, applicants will be notified of the Foundation's decision by July 1.
